ANNUAL REPORT FOR THE YEAR 2023-2024, 2024-2025, & 2025-2026:

INTEGRATED NETWORK FOR SUSTAINABLE AND ENVIRONMENTAL NEEDS(INSEN)

Location: Kalikhola, Udalguri, BTR

Overview:

This report summarizes the activities conducted to promote environmental sustainability, protect biodiversity, and raise community awareness.

Activities Conducted:

1. Tree Planting Drive

Over 500 native trees were planted in degraded areas across Udalguri District as part of a large-scale reforestation effort. The initiative focused on restoring ecological balance and improving the health of local ecosystems affected by deforestation and soil erosion. Indigenous tree species were carefully selected to ensure compatibility with the region's biodiversity and climate conditions. This activity was carried out in collaboration with local communities, forest officials, and volunteers, promoting environmental stewardship and long-term sustainability. The reforested areas are expected to support wildlife habitats, improve air and water quality, and serve as a natural barrier against climate-related impacts. Community volunteers and local students participated.

2. Wildlife Monitoring

Monitoring Human-Elephant Conflict (HEC) mitigation efforts in Udalguri District is a key focus of ongoing conservation activities. The region, known for frequent interactions between human settlements and wild elephants, has seen an increase in conflict due to habitat loss and fragmentation. As part of mitigation monitoring, field teams regularly track elephant movement patterns using direct observations, GPS

- **Safai Abhiyan and Azadi ka Amrit Mahotsav:-**

During the Month of September 2024, We are from “**INTEGRATED NETWORK FOR SUSTAINABLE AND ENVIRONMENTAL NEEDS**” Have organized many Safai Abhijan (Cleanliness Drive) in Udalguri and Nearby locality to inspire people to clean the roads and surroundings to have a healthy environment and pollutions free air.

It is observed that many illness and diseases occurred in human body are just because of lack of Cleanliness and unclean surrounding. That is why we have started this mission as “Safai Abhiyan” to clean our surroundings and to motivate people to do the same.
